Soil Pipe's Best Friends

Pipe-Lube

Black Swan's Pipe-Lube is the most outstanding product in the market. It has a nice smooth consistency, holds up extremely well in hot and cold weather and has excellent "slip" characteristics. One of the most popular products in the Black Swan line.

Adhesive-Lube

A unique, black, one component liquid neoprene adhesive developed to improve installation and sealing of compression type gaskets for cast iron pipe joints. It is strongly recommended for joining all un-tarred large diameters (5" through 15") pipe and fittings. Makes joints immediately. Once set, the joints are extremely difficult to separate.

No-Hub Sealant

Black Swan's No-Hub Sealant is especially formulated to work on no-hub couplings. There is no comparable product like this on the market. It is especially useful when the piping system needs to pass an air test.

No-Hub Couplings

A high quality, no-hub coupling. Uses a stainless steel clamp. Rubber gasket complies with ASTM C564. Works extremely well in all temperatures.

	Stock No.	Size	Packing	Wt. Per Case-Lbs.	List Price Each	Wholesale Price Each
