

THE GREEN™ COUPLING

PATENT PENDING

Dallas Specialty's GREEN™ Hi-Temp/Chemical Resistant Heavy Duty Shear Banded Coupling

- Withstands temperatures up to 212° F degrees.
- Ideal for use in Medical Facilities, Bottling Plants, Laboratories, Film & Print Plants, Testing & Research Labs, Pharmaceutical, Food Processing & Drug Plants, Commercial and Industrial applications or where Hi-Temperature and Chemicals are present.
- For use with Stainless Steel, CPVC, Cast Iron, Polypropylene & Duriron, Glass and other Chemical Piping systems.
- See chemical resistant chart for percentages and compatibility.

COUPLING

- Non-Phthalate resins
- Thermoplastic Elastomer resin (TPE)
- Flexible Green resin
- For Above or Below ground applications. UPC listed for Underground use
- Manufactured in the USA meeting material requirements:
IPC/IRC® cUPC®
ASTM C-1173 C-1440

CLAMP / SHIELD

- All Stainless Heavy Duty Shield .012 Thickness
- Constant Tension banding 5/8"W / 80# Torque Industry strongest
- Shield 5/16" Hex-Head screw 60# Torque.

ASTM C-1173 addresses Underground use

ASTM C-1440 addresses Above or Below ground use.
