

To: All Everflow Supplies Inc, Wholesalers, Manufacturer's Representatives, and Sales Personnel

Earlier this week the US Commerce Department announced a 25% tariff on an additional \$200 Billion worth of Chinese goods as part of the section 301 tariffs. This tariff impacts a wide range of products including a large portion of items offered by Everflow Supplies Inc. Although the final amount of the tariff is 25%, the US Commerce Department has taken a different approach, and has split the 25% into two effective dates. Effective September 24th, 2018 a 10% tariff will be imposed on the Everflow ® products listed below. This tariff will increase to a total of 25% effective on January 1, 2019.

As a result of the impact of the section 301 tariffs, we are forced to raise the net and list prices on the products listed below by the % indicated with an effective date of September 28, 2018 therefore we will not be able to extend price protection at the old prices. A complete and exact list of the products impacted and the associated new list price sheets will be available soon.

Products	%	Products	%
Grooved Fittings	10%	NH & Flex Connectors	10%
Faucets & Accessories	10%	Pipe Hangers & Fasteners	10%

Please understand that this situation is beyond our control and we have no choice but to pass on these increases in trade tariffs.

For Up-to-date information please monitor our website www.everflowsupplies.com for the most up-to-date information, announcements and list prices. If you have any additional questions please contact your Everflow salesperson or representative.

We would like to thank you for your understanding. We appreciate your continued support and will work hard to source our products from countries not being affected by the newly imposed tariffs.
